**RE: NOTICE OF DEMAND LETTER - VIA EMAIL & U.S. CERTIFIED MAIL - RETURN RECEIPT - AUGUST 18, 2024**

Dear Mr. Wiederkehr, Mr. DeGraff, Mr. Coffman , and Mr. Bransom:

Demand is hereby made for immediate restitution for the damages (economic, punitive and emotional) caused by your failure to timely erect a proper legal fence per your own Plan, and per Siskiyou County's 'Open Range' policies, and provide alternative water for livestock and wildlife, which has resulted in the horrific death of one of our dear baby horses.

Mr. Bransom of KRRC, by email, has refused to pay the \$12,000.00 demanded herein via an earlier Demand Letter via Email and U.S. Certified Mail – Return Receipt. However, as a courtesy to the other liable parties, I am again, hereby making demand for immediate restitution in the amount of \$12,000.00 within 30-days of your receipt of this Letter.

*NOTE: As you know, Siskiyou County's lawyers (Nossaman) have on April 18, 2024, weighed-in on the fencing and alternative water issue with the Federal Energy Regulatory Commission ('FERC') via their [Letter: https://www.co.siskiyou.ca.us/sites/default/files/fileattachments/natural\\_resources/page/30841/2024-04-18\\_siskiyou\\_county\\_comment\\_letter\\_to\\_ferc\\_re\\_lower\\_klamath\\_project.pdf](https://www.co.siskiyou.ca.us/sites/default/files/fileattachments/natural_resources/page/30841/2024-04-18_siskiyou_county_comment_letter_to_ferc_re_lower_klamath_project.pdf)*

***We hereby demand for immediate payment of \$12,000.00 payable to, 'Wild Horse Fire Brigade, William Simpson and Michelle Gough' for the horrible death of our baby horse.***

Failure to timely make the requested payment within 30-days from service of this Letter by the USPS will result in our filing claims against all responsible, liable parties connected to the loss of our horse and may include *Mr. Coffman personally* since he promised me in-person , face to face, that he was going to erect the fence last year (2023).

This article and photos provide some of the details of our loss incorporated herein by reference:
